## HAPPY MOTHER'S DAY, TO ALL MOTHERS!

### When God Created Mothers

by Erma Bombeck

"When the Good Lord was creating mothers, He was into His sixth day of 'overtime' when the angel appeared and said, 'You're doing a lot of fiddling around on this one.' And the Lord said, 'Have you read the specs on this order? She has to be completely washable, but not plastic...have 180 moveable parts - all replaceable...run on black coffee and leftovers...have a lap that disappears when she stands up...a kiss that can cure anything from a broken leg to a disappointed love affair...and six pairs of hands.'

"The angel shook her head slowly and said, 'Six pairs of hands? No way!' 'It's not the hands that are causing Me trouble,' said the Lord. 'It's the three pairs of eyes that mothers have to have.'

"That's on the standard model?" asked the angel. The Lord nodded. 'One pair that sees through closed doors when she asks, "What are you kids doing in there?" when she already knows. Another in the back of her head that sees what she shouldn't, but what she had to know. And of course the ones in front that can look at a child when he goofs up and say, "I understand, and I love you" without so much as uttering a word.'"

### Michael Glenn Davis

Michael Davis, member of Northern Kentucky Right to Life Board of Directors, went home to God on March 5, 2026. The **Choose Life, Choose Jesus** signs seen throughout Northern Kentucky resulted from Mike's dedicated pro-life efforts to save children from the painful death of abortion. Mike worked tirelessly to elect only pro-life candidates.

Predeceased by his wife, Terri Davis, and his daughter, Jessica Danielle, Mike is survived by his son, Christian Davis, and his sister, Jettie Mescher.

Mike was a member of Seven Hills Church in Erlanger, KY.

Please remember Mike and his family in your thoughts and prayers.

January 16, 2026 Ad

**Not a mistake  
Not a problem  
Not a burden  
Not an inconvenience  
Not a nuisance  
Not an accident  
Not a punishment**

**A MIRACLE**

**JANUARY 2026**

**NKRTL NEWSPAPER ADS**

May God bless all the pro-lifers who proudly submitted their names for our NKRTL pro-life newspaper ads so that the pro-life message can be proclaimed in the marketplace of ideas.

For almost 50 years, NKRTL has published newspaper ads, along with names of local pro-lifers, in order to expose the "misinformation" espoused by the pro-abortion news media, by clearly and boldly expressing these pro-lifers' love for unborn children and their mothers.

**The generous support from pro-lifers throughout the Greater Cincinnati area enabled NKRTL to purchase three ads in *The Enquirer*, in both the Cincinnati and Northern Kentucky editions, Friday, January 16; Sunday, January 18; and Wednesday, January 21.** These full-page ads can be viewed on NKRTL's website ([www.nkrtl.org](http://www.nkrtl.org)). Although the names in each ad are the same, each of the three ads published a different pro-life message. The following are the three messages:

**"I've noticed that everybody that is for abortion has already been born."**

**Ronald Reagan**

**SO-CALLED  
"GENDER-AFFIRMING CARE"**

"Conditioning children into believing a lifetime of chemical or surgical impersonation of the opposite sex is normal and healthful, is child abuse." ~**American College of Pediatrics**

\*\*\*\*\*

While taking hormone-altering therapies or transitioning to the opposite sex has become "all the rage," states **Dr. Brett Osborn**, a Florida neurologist, the data suggests there is no long-term mental health benefit, reports *Fox News*. "In addition, those opting for hormone-altering therapies are potentially interfering with not only sexual development," Osborn warned. **"Testosterone and estrogen, the hormones primarily manipulated with such therapies, are integral to memory formation and mood. Such ['gender affirming'] surgeries permanently alter one's physical appearance, carrying with them irreversible consequences, such as infertility and sexual dysfunction."**

\*\*\*\*\*

**Dr. Marc Siegel**, clinical professor of medicine at **NYU Langone Medical Center**, and a *Fox News* medical contributor, concurred: "Hormone-altering therapies are potentially interfering with not only sexual development, but also brain development. Long-term effects of puberty blockers may include bone loss, trouble concentrating, interference with learning, and interference with fertility."

\*\*\*\*\*

"What message do I want to bring to American teenagers and their families? I didn't need to be lied to. I needed compassion. I needed to be loved. I needed to be getting therapy to help me work through my issues, and not being affirmed in my delusion that by transforming into a boy, I will solve all my problems," stated **Chloe Cole**, in her testimony before the **U.S. House Judiciary Subcommittee** as to the "dangers and due process violations" of "gender-affirming care."

She also stated that at age 18 she had a double mastectomy, and at age 21 "a total hysterectomy, including the removal of my uterus, cervix, fallopian tubes, and both ovaries."

Her testimony continued: **"[Gender] transition is a big deal, and we're lying when we say that any of this is reversible. This is a big decision with lifelong consequences."**

\*\*\*\*\*

"Don't be deceived. No amount of using preferred pronouns, changing sex assignments on birth certificates, or destroying women's sports by allowing males to compete against females can undo what God does when He creates a human being in the mother's womb," teaches **Rev. Franklin Graham** in his article published in *Decision*. He continues: **"Biology and common sense have always recognized the simple reality that a person is born either male or female."**

\*\*\*\*\*

It is a lie that someone can simply imagine that they are biologically a different sex. Since there is no real limit on the "reality" one can create by one's imagination, this lie proclaims that one can not only change one's biological sex, but can do so as often as one chooses.

If a man perceives himself to be a woman, removes or mutilates parts of his body through surgery, ingests hormones, dresses in women's clothes, and/or conducts himself in a manner normal of a woman, it is not going to change the reality that he in fact is a man. **For others to pretend that he is somehow a woman would do him a great disservice, assisting him in escaping from the reality that he is a man and encouraging him to live a delusion.**

**January 18, 2026 Ad**

## We Need More Children

**President Donald Trump** has proposed that the federal government pay a \$5,000 bonus to women who have a child. Expressing his concern, echoed by many others, that Americans need to have more children, he makes this proposal in hopes that such an incentive will encourage the birth of more children.

### ***Sounding the Alarm***

Trump is not the only world leader concerned about the decline in population, especially in developed nations whose birthrates are well below replacement level.

"We will mobilize all of the nation's capabilities to overcome the low birth rate, which can be considered a national emergency," declared **then-South Korean President Yoon Suk Yeol**.

Some countries throughout the world are trying to reverse what is called the "birth dearth," offering financial and material rewards to women who have children.

Whether such an economic incentive encourages American women to have more children, remains to be seen.

### ***Solution***

As people from developed nations abandon Judeo-Christian principles in their pursuit of materialism, children are no longer seen as a blessing, but a burden. After embracing the culture of death and its teachings that contraception, sterilization, and abortion are morally acceptable, developed countries are realizing more and more the threat, both economically and militarily, from the shortage of people.

People of faith have long realized that the greatest resource any nation has is its people, for man is the greatest natural resource the world has ever known. It is man's ability to reason which allows man to use the earth's resources for his betterment, and when combined with a faith in God and a reverence for all people, causes nations to prosper.

Regardless of what governments around the world may do, only if there is a revival of faith in God will a man and a woman, committed to each other through marriage, find the selflessness to bear more children, not necessarily for the good of a nation or the economy, but for love of God, which flows through them into new life.

**The only effective solution for such a "national emergency" is for couples to love, for only their love for a child will encourage them to bring into this world a child with whom they can share their love, and from whom they can experience how to love more deeply.**

**January 21, 2026 Ad**

## THE RIGHT TO LIFE IS FROM GOD

A person's individual life begins at conception, not birth.

1. *"Biologically, at no stage can we subscribe to the view that the fetus is a mere appendage of the mother. Genetically, mother and baby are separate individuals from conception."* **A. W. Liley, M.D.**, widely referred to as "the father of fetology."

2. *"It is scientifically correct to say that an individual human life begins at conception, when the egg and sperm join to form the zygote, and that this developing human always is a member of our species in all stages of its life. There is not one medical text in use in one medical school in this country that teaches to the contrary."* **Micheline Matthews-Roth, M.D.**, principal research associate of the Harvard University Medical School.

3. *"Life has a very, very long history, but each individual has a very neat beginning, the moment of its conception."* **Jerome Lejeune, M.D.**, professor of fundamental genetics at the University of Descartes, Paris, France.

In June, 2022, the **U.S. Supreme Court**, in the *Dobbs* decision, held that there is no so-called right to abortion set forth in the **U.S. Constitution**, thus reversing *Roe v. Wade*.

## The Baby at 8 Weeks

•Heart Beats• Brain Waves• Will Grasp Objects

With permission, "[Abortion: Questions & Answers](#)"  
Wilke-Haves Publishing Co., Cincinnati, OH

The intentional killing of unborn children is still lawful for each individual state through their legislators or their courts, who can decide who should live and who should die. The right to life is not bestowed upon us by the government. What the government does not give, the government cannot take away. The right to life is not granted by state government, and thus the right to life of the unborn child is not a matter for each state to decide.

The unborn child is a person because, biologically speaking, such a child is, in fact, an existing person, a living human being, a member of the human family entitled to the same constitutional rights of due process and equal protection of the law as all of us.

No legislative body, or court, has the constitutional right to legalize the destruction of an innocent human life. The unborn child, like all of us, has an inalienable right to life bestowed upon him or her by our Creator.

# NORTHERN KENTUCKY RIGHT TO LIFE

## 2026 ELECTION CANDIDATE QUESTIONNAIRE

Pursuant to our long-standing policy of bringing to the public the views (and records) of candidates for public office on these crucial "Life" issues, NKRTL sent questionnaires to candidates seeking office in the 2026 elections. After furnishing detailed information concerning the issues, NKRTL advised them that their response (or the fact of their non-response, which could only be interpreted as unfavorable in that they either oppose its positions or are disinterested in these vital issues) would be published.

*6-week-old unborn child*  
**VOTE FOR ME**

### **A "YES" response is the pro-life response.**

1. Will you actively support (and if in a position to do so, sponsor and vote for) a mandatory Human Life Amendment to the U.S. Constitution and to the Kentucky Constitution, which would codify the personhood of an unborn child from the moment of fertilization, and which would hold that all innocent human beings have the same right to life, from fertilization until natural death?
2. Will you actively support (and if in a position to do so, sponsor and vote for) legislation which will make it a criminal offense to perform, to assist with, or to pay for an abortion on another (such legislation would not prohibit those necessary medical procedures required to prevent the death of the mother who is suffering from a physical pathology such as ectopic pregnancy or cancerous uterus)?
3. Will you actively support (and if in a position to do so, sponsor and vote for) legislation preventing: (a) the use of tissue and organs from deliberately aborted children; (b) the use or destruction of live embryos for the purpose of extracting stem cells, for transplants or medical experimentations; (c) human cloning, whether for the purpose of development and bringing to full term a new human being, or for the purpose of development of a new human being for experimentation, or for the purpose of obtaining body parts or stem cells; and (d) the public funding of any of these activities?
4. Will you actively oppose (and if in a position to do so, work against and vote against) state or federal legislation or regulation mandating health insurance coverage of abortion (both surgical and chemical) and artificial contraception; and will you actively support (and if in a position to do so, work for and vote for) the repeal of the Affordable Care Act (Obamacare), which provides for the expenditure of funds for the payment of abortion; and for the repeal of the Federal HHS Mandate, a federal regulation enacted under Obamacare, which requires employers, regardless of their religious convictions, to provide healthcare insurance, without additional premium and without a co-payment, for payment of contraceptives, sterilizations, and abortion-producing drugs?
5. Will you actively oppose (and if in a position to do so, work against and vote against) any legislation which would allow the withdrawal from an infant, incompetent, or comatose person of food and water, regardless of how the food or water is provided (except in the case where death is imminent, and the patient cannot assimilate food or water)?
6. Will you actively oppose (and if in a position to do so, vote against) any legislation, administrative regulations, or initiatives of any type, which would decriminalize assisting or abetting someone in killing themselves (often referred to as "assisted suicide")?
7. Will you actively support (and if in a position to do so, sponsor and vote for) legislation requiring that the same medical treatment and the same standard of medical care be provided to handicapped persons, and that the decisions of whether to treat a handicapped person must be made on strictly medical grounds and not on speculations about the person's future "quality of life"?
8. Will you actively support (and if in a position to do so, sponsor and vote for) legislation which prohibits all use of local, state, federal, and/or Medicare or Medicaid funds for abortion (including chemical abortions, such as RU-486, or the so-called "morning-after pill," Norplant, Depo-Provera, or the so-called "standard birth control pill")?

9. If there should come before you the question of appointment or confirmation of an individual to any board, agency, or committee, etc., which does or could perform, counsel, refer, or fund abortion (including chemical abortions, such as RU-486, and the so-called “morning-after pill,” Norplant, Depo-Provera, and the so-called “standard birth control pill”), will you nominate or confirm only individuals (1) who refuse to perform, counsel, refer, or fund any surgical or chemical abortion and (2) who refuse to support, vote for, or fund any government or private agency that would perform, counsel, refer, or fund any surgical or chemical abortion?
10. Will you actively support (and if in a position to do so, sponsor and vote for) legislation similar to Kentucky’s “Do No Harm Act” (KRS 158.1415; 158.189; 158.191; and 311.372), which provides: (1) that public schools be required to give notification to parents concerning health services related to human sexuality, contraception, and family planning, and granting parents the right to withhold consent to said services; (2) that public schools be prohibited from requiring personnel or students to use pronouns that do not conform with the student’s biological sex; (3) that students shall not receive instruction in regards to exploring gender identity, gender expression, or sexual orientation; (4) that public schools shall prohibit students from using restrooms, locker rooms, or shower rooms, that are reserved for students of a different biological sex; and (5) that healthcare providers shall not, for the purpose of attempting to alter the appearance of or to validate a minor’s perception of the minor’s sex that is inconsistent with the minor’s biological sex: (a) Prescribe any drug to delay or stop normal puberty; (b) Prescribe hormones in amounts greater than would normally be produced in a healthy person of the same age and sex; (c) Perform any sterilizing surgery; (d) Perform any surgery that artificially constructs tissue having the appearance of genitalia differing from the minor’s sex; and (e) Remove any healthy or non-diseased body part or tissue?
11. Will you refuse to support in any manner a candidate for any public office, who publicly states acceptance of the current status of legalized abortion, or who fails to disclose his position on the issue of abortion, or who has, as a public official, a record of support for abortion or of failing to oppose it, or who supports any of the above anti-life activities, unless his opponents have done these same things as he has?

### **NKRTL-PAC ENDORSEMENTS AND/OR RECOMMENDATIONS**

The long-standing policy of NKRTL-PAC regarding candidates for public office is clear and consistent:

1. NKRTL sends to each candidate a list of questions comprehensively covering the core sanctity of all innocent human life issues, with a detailed explanatory cover letter, explaining the Pro-Life position regarding each issue and the reasons and authoritative citations for such positions.
2. NKRTL explains that it will faithfully publish the candidate’s responses, or non-responses, reserving the right to make an endorsement, or recommendation, or take no formal action at all.
3. NKRTL advises the candidates that a non-response can only be interpreted as unfavorable in that they either oppose the Pro-Life positions or are disinterested in these vital issues.
4. NKRTL publishes as much as it knows about the public record and statements of the candidates on these vital issues.
5. NKRTL never **endorses** a candidate unless his or her answers are 100% Pro-Life.
6. NKRTL sometimes makes a **recommendation** of a candidate, after a full disclosure of his positions, if his responses and record are not 100 percent Pro-Life but stand him materially above the other candidates.

Based upon these criteria, NKRTL-PAC publishes its conclusions and comments regarding the candidates in this primary and/or general election in Kentucky.

**Northern Kentucky Right to Life Political Action Committee** has issued **Endorsements and/or Recommendations** of some candidates in the **upcoming primary and/or general election**. These are based not only on the stated public positions of the candidates, including their answers to NKRTL’s questionnaire, but also their past public records: Based upon the firm belief that what one has done is entitled to significantly more consideration than what one says (“By their fruits, ye shall know them....” Matthew 7:16), NKRTL undertakes herein to publish what it knows of the public record of these candidates, whether they are incumbents or those seeking office for the first time.

**The gravity of the surgical slaughter of 3,800 innocent children each day (one every 24 seconds) – and the even greater number of chemical abortions – demands that we ask of every citizen, particularly those aspiring to public office: “What are you doing to stop the killing?”**

**If a candidate supported terrorism, would you bother to ask him where he stands on other issues???**

NKRTL-PAC does not necessarily make Endorsements or Recommendations in every race. NKRTL-PAC never endorses a candidate unless he is 100% Pro-Life, with no exceptions. Sometimes, when NKRTL-PAC considers a candidate superior to the rest of the field, it will make a Recommendation, even though the candidate falls short of its 100% standard for Endorsement.

**NKRTL must point out to the reader that some candidates take it upon themselves to modify our questions, thereby failing to answer them specifically, and indeed making exceptions of their own, while simultaneously attempting to answer “yes,” to attempt to present a Pro-Life position. Since the candidate has not answered “no,” and their response cannot be truly reported as “yes” after they have modified or imposed conditions of their own, NKRTL has appropriately reported those evasive answers with an asterisk (\*). They failed to answer the questions as asked. Such action by the candidate deprives the voter of information on the candidate’s position on the issues which the candidate avoided answering.**

### U.S. SENATOR

**NKRTL-PAC endorses Michael James Faris (R)** based on his 100% pro-life answers to the candidate questionnaire, plus his public statement about the sanctity of all innocent human life.

### U.S. REPRESENTATIVE - DIST. 4

**NKRTL-PAC endorses Thomas Massie (R)** for reelection to the U.S. House of Representatives. Not only are his answers 100% pro-life to our questionnaire, but he has stood up for those who stand up for life and has supported the passage of much of our pro-life legislation in Washington, DC.

**Pro-Life Bills Sponsored by Rep. Thomas Massie in the U.S. House of Representatives:**

- ▶ No Taxpayer Funding for Abortion and Abortion Insurance Full Disclosure Act of 2019
- ▶ Heartbeat Protection Act
- ▶ Pain-Capable Unborn Child Protection Act
- ▶ Conscience Protection Act
- ▶ Life at Conception Act
- ▶ Defund Planned Parenthood Act

Rep. Massie was the first public figure to defend the students and chaperones from Covington Catholic High School in spite of the massive onslaught by the pro-abortion news media.

"I feel so blessed to represent a region that has an organization like Northern Kentucky Right to Life. This is the strongest pro-life group, not just in Kentucky, but one of the strongest in the country, oftentimes outshining the national organization, in fact," were the opening statements of Rep. Massie, who was the guest speaker at the 2019 Celebration for Life, and who has been a frequent attendee of NKRTL's Celebration for Life. Rep. Massie is a longtime member and financial supporter of NKRTL.

His primary opponent, Ed Gallrein (R) failed to respond to the questionnaire. He is not a member of NKRTL and has never attended any NKRTL functions, nor has he been involved in any pro-life organization in the 50 years of legalized abortion. **Mr. Gallrein has no public record of being interested in protecting the lives of innocent unborn children.**

**It is of the utmost importance that Representative Thomas Massie be returned to Congress, for he is one of the longtime and strongest voices and advocates of the sanctity of all innocent human life.**

## **STATE SENATOR - DIST. 20**

**NKRTL-PAC endorses the reelection of Gex “Jay” Williams (R)**, based not only upon his 100% pro-life answers to the questionnaire, but also upon his prior voting record, active support of legislation, and extraordinary pro-life leadership that he brought to the General Assembly as a prior member of the House of Representatives and now as a state senator. His tireless zeal and commitment resulted in pro-life legislation being passed by the General Assembly.

## **STATE SENATOR - DIST. 47**

**NKRTL-PAC endorses Felicia Rabourn (R)** based on her 100% pro-life answers to the candidate questionnaire and her support of NKRTL.

## **STATE REPRESENTATIVE - DIST. 60**

**NKRTL-PAC endorses the reelection of Marianne Proctor (R)**, based not only upon her 100% pro-life answers to the candidate questionnaire, but also upon her 100% pro-life voting record and her continual outstanding support for NKRTL (including its events), attending the March for Life, and being a member of the Right to Life Caucus.

## **STATE REPRESENTATIVE - DIST. 61**

**NKRTL-PAC endorses the reelection of Savannah Maddox (R)**, based not only upon her 100% pro-life answers to the candidate questionnaire, but more notably her 100% pro-life voting record, her continual outstanding support for NKRTL (having spoken at a couple of our events), and her willingness to speak about life issues to various groups, expressing her commitment to the pro-life movement, especially in regards to her support of problem pregnancy centers.

## **STATE REPRESENTATIVE - DIST. 63**

**NKRTL-PAC endorses the election of Cole Cuzick (R)** based on his 100% pro-life answers to the candidate questionnaire, his work with the Family Foundation of Kentucky, his involvement with the Commonwealth Policy Center to elect those who are 100% pro-life; and his support for NKRTL, for problem pregnancy centers, and Students for Life.

Representative Kim Banta (R) answered the candidate questionnaire 100%, however, **her voting record contradicts her answer to Question #10. Banta voted against the "Do No Harm Act," then voted not to override Gov. Andy Beshear's veto** of the "Do No Harm Act," which was enacted by the Kentucky General Assembly in 2023. For a summary of Kentucky's "Do No Harm Act," see Question #10 of NKRTL's 2026 candidate questionnaire, listed on **Page 5** of this newsletter.

## **STATE REPRESENTATIVE - DIST. 64**

**NKRTL-PAC endorses Scott Berger (R)** based on his 100% pro-life answers to the candidate questionnaire and his support of NKRTL.

Although the incumbent Representative Kimberly Moser (R) answered the questionnaire with 100% pro-life responses, **she voted against and voted not to override Gov Andy Beshear's veto of the "Do No Harm Act." Her voting record is in contradiction to her pro-life answer to Question #10.**

## **STATE REPRESENTATIVE - DIST. 66**

**NKRTL-PAC endorses the reelection of T.J. Roberts (R)**, based upon his 100% pro-life answers to the candidate questionnaire, his long-term support of NKRTL (including attendance at its events), his membership and activity with Students for Life, and his 100% pro-life voting record as state representative.

## **STATE REPRESENTATIVE - DIST. 69**

**NKRTL-PAC endorses the reelection of the incumbent, State Rep. Steven Doan (R)**, based upon his 100% pro-life answers to the candidate questionnaire, his active support of NKRTL (including attendance at its events), his attendance at state rallies, and his 100% pro-life voting record as a state legislator.

## **STATE REPRESENTATIVE - DIST. 78**

**NKRTL-PAC endorses the reelection of the incumbent, State Rep. Mark Hart (R)**, based not only upon his 100% pro-life answers to the candidate questionnaire, but also his 100% pro-life voting record in the Kentucky House of Representatives, his continual support for NKRTL (including attendance at its events), his attendance at state rallies, and his unflinching support for pro-life legislation.

# **BOONE COUNTY**

## **COUNTY JUDGE/EXECUTIVE**

**NKRTL-PAC endorses incumbent Gary W. Moore (R) and Chet Hand (R):**

Gary Moore, a member of NKRTL, based not only upon his 100% pro-life answers to the questionnaire, but also upon his many years of stellar, consistent, and outstanding pro-life activities of leadership, including the appointment of Pro-Lifers to the Northern Kentucky Independent District Health Department Board.

Chet Hand responded with 100% pro-life answers to the questionnaire, has been a long-time supporter of NKRTL (including the attendance at NKRTL events), and actively supported the election of pro-life candidates.

## **COUNTY COMMISSIONER DISTRICT #1**

**NKRTL-PAC endorses incumbent Cathy Hudson Flaig (R)**, a member of NKRTL, based not only upon her 100% pro-life answers to the questionnaire, but also upon her several years of outstanding pro-life activities, including during several terms on the Boone County Commission.

## **COUNTY COMMISSIONER DISTRICT #2**

**NKRTL-PAC endorses John Schickel (R)**, a member of NKRTL, based not only upon his 100% pro-life answers to the questionnaire, but also his strong and consistent 100% pro-life voting record as a Kentucky state senator and his continual support of NKRTL.

## **COUNTY COMMISSIONER DISTRICT #3**

**NKRTL-PAC endorses incumbent Jesse Brewer (R)**, a member of NKRTL, based not only upon his 100% pro-life answers to the questionnaire, but also upon his strong continual support for NKRTL.

## **COUNTY ATTORNEY**

**NKRTL-PAC endorses incumbent Jordan Dallas Turner (R)**, based on her 100% pro-life answers to the questionnaire.

## **COUNTY CLERK**

**NKRTL-PAC endorses the reelection of Justin Crigler (R)**, based on his 100% pro-life answers to the questionnaire.

## **SHERIFF**

**NKRTL-PAC endorses incumbent Les Hill (R)**, based on his 100% pro-life answers to the questionnaire.

**PROPERTY VALUATION ADMINISTRATOR**

**NKRTL-PAC endorses the reelection of Jonathan L. Brown (R),** based upon his 100% pro-life answers to the questionnaire.

**CAMPBELL COUNTY**

**COUNTY COMMISSIONER DISTRICT #1**

**NKRTL-PAC endorses the incumbent Brian Painter (R),** based not only upon his 100% pro-life answers to the questionnaire, but also upon the fact that he is an active member of NKRTL.

**COUNTY COMMISSIONER DISTRICT #3**

**NKRTL-PAC endorses the reelection of Tom Lampe (R),** based on his 100% pro-life answers to the questionnaire.

**SHERIFF**

**NKRTL-PAC endorses the reelection of incumbent Mike Jansen (R),** based upon his 100% pro-life answers to the questionnaire.

**CORONER**

**NKRTL-PAC endorses the reelection of Mark Schweitzer (R) and the election of Derek Myers (R),** based upon their 100% pro-life answers to the questionnaire.

**KENTON COUNTY**

**COUNTY JUDGE/EXECUTIVE**

**NKRTL-PAC endorses the reelection of incumbent Kris Knochelmann (R),** based not only upon his 100% pro-life answers to the questionnaire, but also upon his membership and longtime and strong support for NKRTL.

**COUNTY COMMISSIONER DISTRICT #1**

**NKRTL-PAC endorses the reelection of incumbent Beth Sewell (R),** based upon her 100% pro-life answers to the questionnaire.

**COUNTY COMMISSIONER DISTRICT #2**

**NKRTL-PAC endorses the election of Jeff Niceley (R) and Sherry Goodridge (R),** based upon their 100% pro-life answers to the questionnaire.

**COUNTY COMMISSIONER DISTRICT #3**

**NKRTL-PAC endorses the election of Rebecca Reckers (R) and Matthew James Hayden (R),** based upon their 100% pro-life answers to the questionnaire.

**PROPERTY VALUATION ADMINISTRATOR**

**NKRTL-PAC endorses the reelection of incumbent Darlene M. Plummer (R),** based upon her 100% pro-life answers to the questionnaire and her support of NKRTL.
