NORTHERN KENTUCKY RIGHT TO LIFE

The March for Life

January 22, 2019

On this 46th anniversary of the infamous decision of the Supreme Court exercising its raw judicial power over the lives of the defenseless unborn, we join with a multitude of others in many cities across this nation, to carry the message of Life to President Donald Trump and to the 146th Congress. We join the over 100,000 people who marched in a circle of life around the capitol in Washington DC on January 18.

As much as we would like to be there, for many it is impossible to travel to Washington. Again, we March on Paper. We openly lend our names to urge The adoption of a mandatory Human Life Amendment to the Constitution of the United States of America.

WE HAVE TAKEN A STAND!
WE WILL NOT COMPROMISE!
AND WE WILL BE HEARD!

A Survivor

"I am happy to be alive. I almost died. Every day I thank God for life. I do not consider myself a byproduct of conception, a clump of tissue, or any other of the titles given to a child in the womb. I do not consider any person conceived to be any of those things," states Gianna Jessen, who survived a saline abortion when she was at the age of 24 weeks gestation. (A saline abortion is when the abortionist replaces some of the amniotic fluid with a highly concentrated salt solution, which slowly poisons the unborn child, while it burns off the outer layer of skin.) Even through she has cerebral palsy and has undergone numerous operations, this young lady states: **"I still limp, but I can walk, run, dance, and jump. Maybe not as well as you or a lot of other people, but I do okay for me"**

The Second Victim

"You had the resources, but you did not protect me or my baby. You found the cheapest, easiest, quickest solution possible: you simply vacuumed the new life out of my womb. You helped my boyfriend pursue his career. You protected him and his dreams. Why didn't someone try to protect the baby and me?" is how **Mrs. Julie Woodley,** who founded Restoring the Heart Ministries, describes her feelings towards Minneapolis Methodist Hospital's Meadowbrook Women's Clinic, where she aborted her girl.

The Provider

"One of the things that bothered me even during the time that I was head nurse at the clinic is that abortion was such an emotional trauma for a woman and such a difficult decision for a woman to make. If it was right, why was it so difficult? I counseled these women so well, they were so sure of their decision, so why were they coming back months and years later? We in the pro-choice movement and in the abortion industry deny that there is anything like post-abortion syndrome. Yet, it is real and they do come back." Joan Appleton, R.N., a former activist with the National Organization of Women and head nurse at Commonwealth Women's Clinic in Falls Church, VA; now a pro-life activist.
