PRESIDENT DONALD TRUMP - MARCH FOR LIFE 2020

As the first president ever to address the **March for Life in Washington, D.C.**, which began in 1974, **President Donald Trump** unequivocally stated: "All of us here understand an eternal truth. Every child is a precious and sacred gift from God. Together, we must protect, cherish, and defend the dignity and the sanctity of every human life.

"When we see the image of a baby in the womb, we glimpse the majesty of God's creation. When we hold a newborn in our arms, we know the endless love that each child brings to a family. When we watch a child grow, we see the splendor that radiates from each human soul.

"The far left is working to erase our God-given rights, shut down faith-based charities, ban religious leaders from the public square, and silence Americans who believe in the sanctity of life. They are coming after me because I am fighting for you, and we

are fighting for those who have no voice. And we will win because we know how to win...You've been winning for a long time."

The president concluded his remarks with the observation that "every human soul is divine and every human life, born and unborn, is made in the holy image of Almighty God. Together we will defend this truth all across our magnificent land. We will set free the dreams of our people. And, with determined hope, we look forward to all of the blessings that will come from the beauty, talent, purpose, nobility, and grace of every American child."

"ABORTION IS NOT THE NATIVE WAY."

"Abortion is not the native way," expressed the conviction of **Life is Sacred**, a pro-life Native American organization, at this year's **March for Life in Washington, D.C.** "In the past, too few stood by to defend the lives of our people, and so today we are here to stand for the lives of all people, born and unborn, in order to build a civilization of life and a culture of love."

"As a native, I am taught by my culture to stand for the most vulnerable, and as a Knight of Columbus it is my solemn duty to protect those who cannot protect themselves," expressed marcher **Patrick Mason**, a member of the Osage Nation, who serves on the Board of Directors for both the **Knights of Columbus** and **Life is Sacred**.

"Today the unborn are not recognized as persons under the United States laws, and every day they're killed by the thousands," exclaimed **Daniel Berg**, one of the members of the Navajo nation who attended the March for Life. "And so we stand to defend the lives of all people, born and unborn."

PRO-ABORTION STATE ATTORNEYS GENERAL SEEK TO DESTROY LITTLE SISTERS OF THE POOR

"We don't understand why the government is doing this," states **Sr. Loraine Marie Maguire, Mother Provincial of the Little Sisters of the Poor**.

"We Little Sisters of the Poor are a group of women who make religious vows to God. We dedicate ourselves to serving the elderly

poor regardless of race or religion, offering them a home where they are welcomed as Christ, cared for as family, and accompanied with dignity until God calls them to Himself. We have done this for more than 175 years," states Sr. Loraine.

When **Obamacare** became law, it authorized the Executive Branch to decide whether a health insurance plan provided by an employer had to include coverage for contraception, abortion, and sterilization. The **Department of Health and Human Services (HHS)**, then under the control of **President Barack Obama**, imposed unbelievable penalties on the **Little Sisters of the Poor**, and other religious organizations, if they refused to provide their employees such a healthcare plan that provides, free of charge, coverage for contraception and abortifacients.

Refusing under any circumstances to do such an intrinsically evil act, the Little Sisters sought relief from the courts, and in 2016 by a unanimous decision of the **U.S. Supreme Court**, the Little Sisters were relieved of this mandate.

President Trump

After **President Donald Trump** took office in 2017, he directed HHS to write an exemption from such mandates for religious organizations.

"When I asked you for your support in 2016, Americans of faith were under assault. But the shameful attempt to suppress religious believers ended the day I took the oath of office," proclaimed the President this year.

"My administration has taken historic action to protect religious liberty. We're protecting the conscience rights of doctors and nurses and teachers and groups like the Little Sisters of the Poor. We're with them."

The Democrats

However, a number of pro-abortion Democrat state attorneys general filed suits in California and in Pennsylvania seeking injunctions against this new HHS religious exemption. Such actions demonstrated that the primary purpose of the Obamacare mandate was not to provide women with such unnecessary medical services. The true purpose of the pro-abortion Democrats is to use the awesome power of the federal government to destroy any religious group that would not participate in the intrinsically evil acts of contraception, sterilization, or abortion.

Again, even though once victorious before the U.S. Supreme Court, the Little Sisters of the Poor are again faced with government, this time state governments, to either violate their moral convictions or to cease their ministry of providing care for those who are in need.

The Federal Courts

An injunction has been issued by two federal courts, one in Pennsylvania and one in California. Both have been upheld by their respective appellate courts.

However, the Little Sisters will again prove that they are not "little," but are courageous women who will not simply abandon their religious beliefs or abandon those who seek their help.

"The casual reader may imagine that the dispute is about provision of contraception and abortion services to women. It is not," writes **Senior Circuit Judge Andrew Kleinfeld of the Ninth Circuit**, writing in his dissent. "No woman sued for an injunction in this case, and no affidavits have been submitted from any women establishing any question in this case about whether they will be deprived of reproductive services or harmed in any way by the modification of the regulation. This case is a claim by several states to prevent a modification of a regulation from going into effect, claiming that it will cost them money."

"It has been six long years since we began our legal battle against government mandates that threaten our ministry," said **Sr. Loraine**, on the decision to appeal. "We hope we have finally reached the end of this arduous process, and that the Supreme Court will reaffirm their previous decision, and that we will soon be able to keep our focus on the elderly poor."

What is the Answer to the Question?

Sr. Loraine asked the question why the government is doing this. The answer is obvious.

Good will tolerate evil, but evil never tolerates good.

As throughout history, there have been those who have insisted that there are no moral absolutes, that nothing is intrinsically evil. On the other hand, those who hold Judeo-Christian principles understand that there are moral absolutes, and some acts are always intrinsically evil, regardless of the circumstances.

As the former group increases its influence, it will insist that the latter group first tolerate, then acknowledge as being good, certain intrinsically evil acts, and eventually will require that the latter group participate in said evil acts.

A FORMER ABORTIONIST SPEAKS OUT

"Late-term abortion is a grueling three- to four-day procedure that is dangerous or even deadly for the mother as well as the child. It's some of the worst physical and emotional torture a woman can experience," relates **Dr. Haywood Robinson, the Director of Medical Affairs and Education at 40 Days For Life**, after relating the story of a kindergarten teacher who died from complications following her abortion of her 33-week-old unborn child.

"The risk of such deadly complications is why many states are enacting legislation requiring abortion providers to have admitting privileges at a local hospital," relates Dr. Robinson. "Such laws ensure that an abortion provider cannot simply abandon a patient, send her to the emergency room, and have another doctor manage complications sustained during the procedure.

"Even countries in post-Christian Europe don't allow gruesome third-trimester abortions. Only five countries worldwide allow

elective abortions after 24 weeks of gestation: the United States, Canada, Vietnam, China, and North Korea."

The doctor relates how one becomes desensitized to the dehumanizing act of aborting a human life, on which he was trained during his residency. "By the time I finished my residency, I was more than happy to perform abortions for some extra money. Abortion is a lucrative business. It's fueled by money and greed.

"Abortion is not medicine. Pregnancy is not a disease," teaches this former abortionist.

"There is nothing in this world that compares to seeing a mother cradling her newborn moments after birth. The hours following the baby's arrival are equally precious...there's nothing better than an infant's birthday."

He tells how when he and his physician wife, who also performed abortions, attended a Christian concert, "God opened our eyes to how heinous this war against babies is, and He launched us on a pro-life career."

TRUMP TAKES NATIONS

ON PRO-ABORTION UNITED

Even after the constant unfounded slanders by the pro-abortion news media and their allies in the Democratic Party, **President Donald Trump** courageously addressed the anti-life efforts of their favorite organization.

Confronting them face-to-face, President Trump addressed the **United Nations General Assembly**, declaring that the United States would "never tire of defending innocent life.

"We are aware that many United Nations projects have attempted to assert a global right to taxpayer-funded abortion on demand, right up until the moment of delivery.

"Global bureaucrats have absolutely no business attacking the sovereignty of nations that wish to protect innocent life. Like many nations here today, we in America believe that every child, born and unborn, is a sacred gift from God," proclaimed our president.

It was just the day before that **Alex Azar, our Secretary of Health and Human Services**, delivered to the UN a joint statement on behalf of 19 nations declaring there is "no international right to an abortion."

As reported in the Catholic *The Wanderer*, last year the **UN Human Rights Commission** demanded that governments lift their restrictions on abortions, claiming that it is a "fundamental right," and demanded "gender equality."

Last spring, **Ravina Shamdasani, a UN spokeswoman**, expressed her concern about pro-life laws being enacted in the United States.

UN POPULATION FUND

At the November, 2019, international population summit of the **United Nations Population Fund (UNFPA)** held in Kenya, the Trump administration again took the lead in opposing the UN international abortion efforts.

Joined by representatives from Brazil, Belarus, Egypt, Haiti, Hungary, Libya, Poland, Senegal, St. Lucia, and Uganda, the United States rejected a summit document supporting abortion on demand. **Valerie Huber**, President Trump's appointee, rejected the intentionally ambiguous terms of the summit document, noting: "Ambiguous terms and expressions, such as sexual and reproductive health and rights...may be used to actively promote practices like abortion. There is no international right to abortion."

As to the summit's sex education program, Huber noted that it "fails to adequately engage parents and... promotes abortion as a method of family planning," reports *lifeneews.com*.

Our so-called allies in the **European Union** announced that they would be spending over \$1 billion toward "sexual and reproductive health and rights."

"The UNFPA has little effect on U.S. public opinion and/or policy. But in the least developed countries its unrelenting pressure to allow access to abortion has an outsize impact," warns **U.S. Rep. Chris Smith (R-NJ)**. "Any unwillingness to conform - even when it violates local religious and cultural norms - could mean the loss or reduction of foreign aid for unrelated humanitarian initiatives especially from the U.K., the Netherlands and Nordic countries, as well as nongovernmental organizations and multilateral organizations."

Trump Acts

In 2017, 2018, and 2019, President Trump stopped giving U.S. taxpayer funds to UNFPA because of its pro-abortion international efforts, including its population control policies. This cut out assistance to China in its implementation of its forced abortion about \$32.5 million in funding.

President Trump also defunded the **Stopes International** of about \$170 million unborn babies, reports *lifeneews.com*.

It should also be noted that the Trump abortion activists from receiving about \$10

"The Title X program was not intended Parenthood, which violently ends the lives of more than 332,000 unborn babies a year and receives almost \$60 million a year in Title X taxpayer dollars," states the pro-life **Susan B. Anthony List President, Marjorie Dannenfelser**.

International Planned Parenthood Federation and **Maurice American tax dollars** because of their refusal to stop aborting

administration has also cut Planned Parenthood and other million American taxpayer funds under **Title X** programs.

to be a slush fund for abortion businesses like Planned Parenthood, which violently ends the lives of more than 332,000 unborn babies a year and receives almost \$60 million a year in Title X taxpayer dollars," states the pro-life **Susan B. Anthony List President, Marjorie Dannenfelser**.

IN THE NEWS...

Targeting Persons with Disabilities

While prescribed-suicide laws contain supposed "safeguards" against abuse, those provisions are ineffective, with real oversight of abuses and mistakes nonexistent, according to the report of the **National Council on Disability**, an independent federal agency, titled *The Danger of Assisted Suicide Laws*. The laws fail to protect patients in a variety of ways. For example, insurers have denied costly treatment but offered to cover lethal drugs "potentially leading patients toward hastening their own deaths"; terminal diagnoses can cause "frightened patients to hasten their deaths"; and fear and depression often drive assisted death requests, but referrals for psychological evaluations are extremely rare.

Also, the laws fail to give the state any authority to investigate individual assisted-suicide deaths for abuse, even if abuse is reported. The lack of data and the inability to conduct investigations significantly elevates the risks for the disabled, reports **Patients Rights Council** (www.patientsrightscouncil.org).

NEA

Last year, at its annual meeting, the **National Education Association**, the nation's largest teachers' union, voted to continue its support of abortion on demand.

"The NEA vigorously opposes all attacks on the right to choose and stands on the fundamental right to abortion under *Roe v. Wade*," states the resolution adopted by the representative assembly at the NEA annual meeting.

"Here you have the largest union of educators in the country, basically affirming the destruction of those they claim to serve," states **Mary Pat Donoghue, executive director of the Secretariat for Catholic Education, U.S. Conference of Catholic Bishops**. "It is an appalling development."

PRAYER WITNESSES BEFORE THE THRONE OF GOD

In your charity, please pray for **Joseph G. Bessler**, a longtime and strong supporter of NKRTL who passed away a week before challenging the **District Health Department Board's** policy of distributing consent, to teenage member of that Board, took on the necessary evidence that the standard chemical abortion, but also is being of a young girl.

girls, birth

Serving in the General Assembly for over 20 years as one of Northern Kentucky's strong pro-life representatives, **Jon David Reinhardt**, passed away which he was zealous to serve. This leadership in the years in the saved many a child's destructive hands of

Bellevue, KY, native Always strongly

January 9, 2020. The cause of the unborn child was the one to consistent supporter of NKRTL provided the necessary Kentucky House of Representatives, which has resulted over the enactment of a number of pro-life laws which have not only life, but also have helped protect young mothers from the the abortion industry. His family would appreciate your prayers.

attended our annual Celebrations for Life, and proudly stood up with those who stood up for life. This remarkable man for over 25 years served the Navajos in Gallup, New Mexico, mastering their language, one of the most difficult in the world. (The Navajos served as the "code-talkers" in the Pacific Theatre in World War II.)

Fr. Valentine Young, OFM, went home to God this January. encouraging and supportive of the efforts of NKRTL, he faithfully

One of Northern Kentucky Right to Life's most active liaisons were **Robert and Mary Vennemann**, who served as liaisons with **St. Mary's Church in Alexandria**. Whether it was promoting the Celebration for Life, collecting names for the annual March for Life newspaper ad, or selling right to life Christmas cards, Bob and Mary faithfully and zealously worked for the pro-life movement. Predeceased by his wife, Bob passed away on March 5, 2020.

Please remember these outstanding pro-lifers and their families in your thoughts and prayers.

DIVIDED CATHOLIC HIERARCHY

The continual and every-increasing disunity among the U.S. Catholic bishops continues to undercut and weaken the pro-life efforts of the pro-life movement.

At their November, 2019, meeting, the divided on whether the issue of a matter of pre-eminence.

Cardinal Blasé Cupich of Chicago, appointees of **Pope Francis**, urged the *Consciences for Faithful Citizens*, reference that abortion is the pre-eminent issue that espoused McElroy. *Cardinal Cupich*

U.S. Conference of Catholic Bishops (USCCB) was sadly slaughtering a million and a half unborn infants in our country is

joined by **Bishop Robert McElroy of San Diego**, both recent Conference to delete from the Bishops' document, *Forming* to abortion as a pre-eminent issue. "It is not Catholic teaching we face in the world of Catholic social teaching. It is not,"

Bishop McElroy

Thank God that **Bishop Joseph Strickland of Tyler, Texas**, and **Archbishop Charles Chaput of Philadelphia** strongly voiced their opposition to such a disastrous motion.

Bishop Strickland

Archbishop Chaput

By a vote of 143 to 69, the Conference's original language referring to abortion as pre-eminent was maintained in the document. It is unbelievably sad that only two-thirds of the USCCB think that abortion is the pre-eminent issue of our times.

Unbelievably scandalous is the fact that one-third of our Bishops would want to weaken the document, *Forming Consciences for Faithful Citizens*, which most pro-life organizations recognize already as being a confusing and weak statement by now denying that abortion is the most important issue facing our nation.

Undercutting the Pro-Life Movement

Early this year, **Bishop McElroy** continued his efforts to undermine the pro-life movement. During a speech at the **University of San Diego**, he espoused that "both abortion and the environment are core life issues in Catholic teaching." This climate change alarmist bishop continues: "The long-term death toll from unchecked climate change is larger [than that from abortion] and threatens the very future of humanity."

In this year when dedicated pro-lifers are trying to reelect the most pro-life president in our nation's history, they are again confronted by a bishop intentionally encouraging Catholics to vote for the radical pro-abortion candidates who are allegedly concerned about the environment, while undermining 50 years of work of countless Catholics and other Americans to end the slaughter of unborn children in our country.

Reality vs. Unreality

When did Bishop McElroy become such a noted scientist, competent to make catastrophic predictions of rising temperatures, famines, and natural disasters? What competency does he have to use his position as a bishop to claim that "it is a far greater moral evil for our country to abandon the Paris Climate Accord than to provide contraceptives to federal health centers."

Instead of the reality of the intentional killing of a million and a half unborn children in the United States each year being the pre-eminent issue in this election, McElroy embraces the unreality of manmade climate change. As more and more years pass, and the dreaded predictions of the environmental extremists prove to be as silly as they are, more and more experts in the field of climatology debunk the myth of what is referred to as the danger of "climate change." Sure, the climate has always been changing, but human activities have little or no effect on our climate.

As many of us remember, back in the 70's when "Earth Day" was invented, the warnings were that the pollution created by human activity was bringing on another **Ice Age**, one which would destroy mankind.

"Meteorologists disagree about the cause and extent of the cooling trend, as well as over its specific impact on local weather conditions. But they are almost unanimous in the view that the trend will reduce agricultural productivity for the rest of the century. If the climatic change is as profound as some of the pessimists fear, the resulting famines could be catastrophic." - *Newsweek*, "The Cooling World," 4/28/75.

"Climatologists now blame those recurring droughts and floods on a global cooling trend. It could bring massive tragedies for mankind." - *Fortune*, "Ominous Changes in the World's Weather," February 1974.

Bishops' Videos

This year the U.S. bishops abandoned the plight of the unborn children. The USCCB has released five short videos to "inspire prayer and action in public life."

Even after the sad vote of the U.S. bishops, the videos fail to acknowledge that abortion is the pre-eminent issue, the most important issue Catholics must consider when they cast their vote.

"This contradicts eminence the recent comments tweeted **Bishop** eminence of the womb must be is a pristine planet if live on it!?"

the wording of pre-Bishops voted on and from the Holy Father," **Strickland**. "The pre-sanctity of life in the respected. What good the unborn never get to

Question

As to the unborn child about to be torn to pieces by a strong suction force, or to be poisoned to death by a salt solution, or to be cut up to pieces by a curettage and scraped out from the womb, or, while exiting the womb, have a knife jabbed up into his head, what are other important issues, the more pre-eminent issues, that face humanity today?

John Paul II

"The Ultimate Issue"

They both can't be right. How do the document and the videos of the USCCB and the statements by various bishops compare to the very clear and concise in September, 1987, as he concluded his

"The ultimate test of your greatness is the weakest and most defenseless ones.

"The best traditions of your land you want equal justice for all, and true great causes that are yours today will life and protect the human person:

- Feeding the poor and welcoming
- Reinforcing the social fabric of this nation;
- Promoting the true advancement of women;
- Securing the rights of minorities;
- Pursuing disarmament, while guaranteeing legitimate defense:

the videos of the USCCB and the statements by various bishops warning of **John Paul II**, given to the United States of America visit to the United States:

the way you treat every human being, but especially the

presume respect for those who cannot defend themselves. If freedom and lasting peace, then, America, defend life! All the have meaning only to the extent that you guarantee the right to

refugees;

all this will succeed only if respect for life and its protection by the law is granted to every human being *from conception until natural death*.

"Every human person - no matter how vulnerable or helpless, no matter how young or how old, no matter how healthy, handicapped, or sick, no matter how useful or productive for society - is a being of inestimable worth created in the image and likeness of God. **This is the dignity of America, the reason she exists, the condition for her survival - yes, the ultimate test of her greatness: to respect every human person, especially the weakest and most defenseless ones, those as yet unborn.**

"May God bless you all.

"God bless America!"

President Donald Trump

"There could be no greater contrast to the beautiful image of a mother holding her infant child than the chilling displays our nation saw in recent days. Lawmakers in New York cheered with delight upon the passage of legislation that would allow a baby to be ripped from the mother's womb moments before birth," stated **President Trump** in his 2020 *State of the Union Address*. He continued: "These are living, feeling, beautiful babies who will never get the chance to share their love and dreams with the world. ...And then, we had the case of the governor of Virginia [Democrat **Gov. Ralph Northam**] where he stated he would execute a baby after birth."

NKRTL-PAC endorses for president of the United States, Donald Trump (R), America's most pro-life president.

The Democratic Presidential Candidates

▶ "As the presidential primary shifts to New England, it's sad to note that all of the major Democratic candidates are pro-abortion, supporting even partial-birth abortion," states **Bishop Thomas Tobin of Rhode Island**, questioning the Democratic party's allegiance to the abortion industry.

▶ "All of the top Democratic presidential candidates support abortions without restriction through all nine months of pregnancy and want to force taxpayers to pay for them. Some candidates even have refused to welcome pro-life Democrats into their so-called party of inclusion." *lifeneews.com*

▶ "Every single one of these [Democratic presidential] candidates - almost every single one of these candidates has put together a platform that is far more progressive than what the Obama administration was able to accomplish. ...They are uniformly, radically in favor of abortion on demand, *with taxpayer funding*." **National Public Radio**

▶ "With the exception of Donald Trump, not one person vying for the presidency is willing to admit that walking away from a table, while a baby struggles for life, is wrong." **Family Research Council**

▶ "The most striking change, beyond individual policies, is how unapologetic [Democratic presidential] candidates' tone on abortion rights has become. ...Democrats have said it should be 'safe, legal, and rare.' ...Now, almost every candidate says the next president should actively reframe the debate. Their language focuses on health care, bodily autonomy, and, at times, **even the idea of abortion as a positive force** enabling women to control their lives and increase their economic security." Pro-Abortion *New York Times*

Unborn Baby, 10 Weeks Old
VOTE FOR ME

Sanders

"I think being pro-choice is an absolutely essential part of being a Democrat," insists **Sen. Bernie Sanders (D)**. As he stated in the June debate, "Medicare for All guarantees every woman in this country the right to have an abortion if she wants it."

"My promise to you is I will never nominate anyone to the Supreme Court or the federal bench who is not 100 percent pro-*Roe v. Wade*," Sanders said. He continued to promise: "And we will expand funding for Planned Parenthood."

As a member of the U.S. Senate, Sanders has never failed to vote to force the U.S. taxpayer to fund abortions and to fund Planned Parenthood.

Biden

"I said when I defeated Robert Bork [to the U.S. Supreme Court], I made sure we guaranteed a woman's right to choose for the better part of a generation. I would make sure that we move and insist that we pass, we codify *Roe v. Wade*," proclaims **Former Vice President and former U.S. Sen. Joe Biden**.

Biden also confirmed that he would force Americans to fund the abortion industry, not only in this country, but throughout the world. "I strongly oppose the limitations on the ability for the United States to contribute to organizations in these countries that, in fact, provide women's health alternatives for choice. ...We should end that limitation. It's called the Mexico City Rule. We should end that," stated Biden.

Biden also promised that if the Supreme Court would overturn *Roe v. Wade*, he would prefer a national law legalizing the killing of unborn children. "If they ruled it [*Roe v. Wade*] to be unconstitutional, I will send to the United States Congress, and it will pass I believe, a bill that legislates *Roe v. Wade*."

NORTHERN KENTUCKY RIGHT TO LIFE 2020 PRIMARY ELECTION CANDIDATE QUESTIONNAIRE

VOTE FOR ME

Pursuant to our long-standing policy of bringing to the public the views (and records) of candidates for public office, on these crucial "Life" issues, NKRTL sent questionnaires to candidates seeking office in the primary election of June 23, 2020. After furnishing them detailed information concerning the issues, NKRTL advised them that their response (or the fact of their non-response, *6-week-old unborn child* which could only be interpreted as unfavorable in that they either oppose its positions or are disinterested in these vital issues) would be published.

1. Will you actively support (and if in a position to do so, sponsor and vote for) a mandatory Human Life Amendment to the U.S. Constitution and to the Kentucky Constitution, which would codify the personhood of an unborn child from the moment of fertilization, and which would hold that all innocent human beings have the same right to life, from fertilization until natural death?
2. Will you actively support (and if in a position to do so, sponsor and vote for) legislation which will make it a criminal offense to perform, to assist with, or to pay for an abortion on another (such legislation would not prohibit those necessary medical procedures required to prevent the death of the mother who is suffering from a physical pathology such as ectopic pregnancy or cancerous uterus)?
3. Will you actively support (and if in a position to do so, sponsor and vote for) legislation preventing: (a) the use of tissue and organs from deliberately aborted children; (b) the use or destruction of live embryos for the purpose of extracting stem cells, for transplants or medical experimentations; (c) human cloning, whether for the purpose of development and bringing to full term a new human being, or for the purpose of development of a new human being for experimentation, or for the purpose of obtaining body parts or stem cells; and (d) the public funding of any of these activities?
4. Will you actively oppose (and if in a position to do so, work against and vote against) state or federal legislation or regulation mandating health insurance coverage of abortion (both surgical and chemical) and artificial contraception, and will you actively support (and if in a position to do so, work for and vote for) the repeal of the Affordable Care Act (Obamacare), which provides for the expenditure of funds for the payment of abortion, and for the repeal of the Federal HHS Mandate, a federal regulation enacted under Obamacare, which requires employers, regardless of their religious convictions, to provide healthcare insurance, without additional premium and without a co-payment, for payment of contraceptives, sterilizations, and abortion-producing drugs?
5. Will you actively oppose (and if in a position to do so, work against and vote against) any legislation which would allow the withdrawal from an infant, incompetent, or comatose person of food and water, regardless of how the food or water is provided (except in the case where death is imminent and the patient cannot assimilate food or water)?
6. Will you actively oppose (and if in a position to do so, vote against) any legislation, administrative regulations, or initiatives of any type, which would decriminalize assisting or abetting someone in killing themselves (often referred to as "assisted suicide")?
7. Will you actively support (and if in a position to do so, sponsor and vote for) legislation requiring that the same medical treatment and the same standard of medical care be provided to handicapped persons, and that the decisions of whether to treat a handicapped person must be made on strictly medical grounds and not on speculations about the person's future "quality of life"?
8. Will you actively support (and if in a position to do so, sponsor and vote for) legislation which prohibits all use of local state, federal, and/or Medicare or Medicaid funds for abortion (including chemical abortions, such as RU-486, or the so-called "morning after pill," Norplant, Depo Provera, or the so-called "standard birth control pill")?
9. If there should come before you the question of appointment or confirmation of an individual to any board, agency, or committee, etc., which does or could perform, counsel, refer, or fund abortion (including chemical abortions, such as RU-486, and the so-called "morning after pill," Norplant, Depo Provera, and the so-called "standard birth control pill"), will you nominate or confirm only individuals (1) who refuse to perform, counsel, refer, or fund any surgical or chemical abortion and (2) who refuse to support, vote for, or fund any government or private agency that would perform, counsel, refer, or fund any surgical or chemical abortion?
10. If you become involved in the legislative process, would you take the initiative to compel a recorded vote on all Pro-Life legislation, whether by discharge petition or whatever other parliamentary practice is available?
11. Will you refuse to support in any manner a candidate for any public office, who publicly states acceptance of the current status of legalized abortion, or who fails to disclose his position on the issue of abortion, or who has, as a public official, a record of support for abortion or of failing to oppose it, or who supports any of the above anti-life activities, unless his opponents have done these same things as he has?

The results appear below (the Pro-Life response is "yes" to all questions):

NKRTL-PAC ENDORSEMENTS AND/OR RECOMMENDATIONS

U.S. HOUSE OF REPRESENTATIVES

U.S. REPRESENTATIVE - 4TH DISTRICT

NKRTL-PAC endorses Thomas Massie (R) for reelection to the U.S. House of Representatives. Not only are his answers 100% pro-life to our questionnaire, but he has stood up for those who stand up for life and has supported the passage of much of our pro-life legislation in Washington, D.C., included, but not limited to: *Life at Conception Bill*; *Heartbeat Bill*; *Pain-Capable Bill* (20 week bill); and *Conscience Protection Act*.

Rep. Massie was the first public figure to defend the students and chaperones from Covington Catholic in spite of the massive onslaught by the pro-abortion news media:

"The honorable and tolerant students of Covington Catholic [High] School came to D.C. to advocate for the unborn and to learn about our nation's Capitol. ...In the face of racist and homosexual slurs, the young boys refused to reciprocate or disrespect anyone. Even when taunted by homophobic bigots, which was obviously bewildering to them, they insulted no one. ...In the context of everything that was going on (which the media hasn't shown), the parents and mentors of these boys should be proud, not ashamed, of their kids' behavior. **It is my honor to represent them.**"

8-week-old unborn child
VOTE FOR ME

Northern Kentucky Right to Life cannot thank Rep. Massie enough for his support for NKRTL, and for being our guest speaker at our 2019 Celebration for Life, at our 2018 Celebration for Life, introducing our guest speaker, **Gov. Matt Bevin (R)**, who was our most pro-life governor.

"**I feel so blessed to represent a region that has an organization like Northern Kentucky Right to Life. This is the strongest pro-life group, not just in Kentucky, but one of the strongest in the country, oftentimes outshining the national organization, in fact,**" were the opening statements of Rep. Massie at the 2019 Celebration for Life.

We are pleased that his opponent's, **Todd McMurtry (R)**, responses to our candidate questionnaire were 100% pro-life. However, unlike Rep. Massie, Mr. McMurtry has no prior record of being involved in the pro-life movement, or supporting the pro-life work of Northern Kentucky Right to Life, or making his pro-life position public. Sadly, McMurtry contributed to the election of our former **Gov. Steven Beshear (D)**, a strong pro-abortion advocate.

Pro-Life Bills Sponsored by Rep. Thomas Massie in the U.S. House of Representatives:

- ▶ No Taxpayer Funding for Abortion and Abortion Insurance Full Disclosure Act of 2019
- ▶ Defund Planned Parenthood Act of 2019
- ▶ Heartbeat Protection Act
- ▶ Life at Conception Act
- ▶ Pain-Capable Unborn Child Protection Act
- ▶ Life at Conception Act
- ▶ Defund Planned Parenthood Act
- ▶ Conscience Protection Act

U.S. SENATE

Four of the eight Republican candidates for U.S. Senate responded 100% pro-life to the candidate questionnaire. Although NKRTL-PAC declined to make any endorsement of any one of these four candidates, the reader is encouraged to consider their commitment to the pro-life movement.

KY STATE SENATE

STATE SENATOR - DIST. 11

NKRTL-PAC endorses the reelection of Sen. John Schickel (R), based not only upon his 100% pro-life answers to the questionnaire, but also upon his longtime support of Northern Kentucky Right to Life, and his 100% pro-life voting record.

STATE SENATOR - DIST. 17

NKRTL-PAC endorses the reelection of Sen. Damon Thayer (R), based not only upon his 100% pro-life answers to the questionnaire, but also upon his 100% pro-life voting record.

STATE SENATOR - DIST. 23

NKRTL-PAC endorses the reelection of Sen. Chris McDaniel (R), based not only upon his 100% pro-life answers to the questionnaire, but also upon his 100% pro-life voting record.

Abortion is not the Native way.

KENTUCKY HOUSE OF REPRESENTATIVES

STATE REPRESENTATIVE - DIST. 60

NKRTL-PAC endorses for reelection **Sal Santoro (R)**, based not only upon his 100% pro-life answers to the questionnaire, but also upon his 100% pro-life voting record.

STATE REPRESENTATIVE - DIST. 61

NKRTL-PAC endorses for reelection **Savannah Maddox (R)**, based not only upon her 100% pro-life answers to the questionnaire, but also upon her 100% pro-life voting record.

STATE REPRESENTATIVE - DIST. 63

NKRTL-PAC endorses the election of **Kim Banta (R)**, based upon her 100% pro-life answers to the questionnaire.

STATE REPRESENTATIVE - DIST. 64

NKRTL-PAC endorses for reelection **Kimberly Poore Moser (R)**, based not only upon her 100% pro-life answers to the questionnaire, but also upon her 100% pro-life voting record.

STATE REPRESENTATIVE - DIST. 66

NKRTL-PAC endorses the reelection of **C. Ed Massey (R)**, based upon his 100% pro-life answers to the questionnaire.

STATE REPRESENTATIVE - DIST. 68

NKRTL-PAC endorses the reelection of **Joseph M. Fischer (R)**, based not only upon his 100% pro-life answers to the questionnaire, but also upon his stellar record of pro-life leadership in the Kentucky General Assembly over many years. Not only is Rep. Fischer a member of NKRTL and a faithful attendee of the annual Celebration for Life, but he has for many years been a consistent and outstanding pro-life activist both in Frankfort and in Northern Kentucky.

STATE REPRESENTATIVE - DIST. 78

NKRTL-PAC endorses the reelection of **Mark Hart (R)**, based not only upon his 100% pro-life answers to the questionnaire, but also upon his 100% pro-life voting record in the Kentucky General Assembly.

Vote For Me

*If the fetus is alive,
why is the growing?
If the fetus is a human being,
what kind of being is it?
If the fetus is a child,
why is he suffering his death?
If the fetus is a being, human or not,
why is it being killed?
All work out unless you say,*

*—Dr. Mildred Faye Jefferson, M.D.
first black female graduate of Harvard Medical School*

"The government shouldn't intervene if you want to abuse your child"
"The government shouldn't intervene if you want to rape someone"
"The government shouldn't intervene if you want to rob a bank"

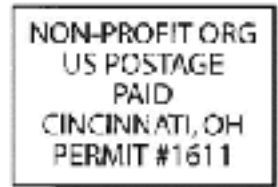

Is the same as saying,

- Lila Rose, Live Action

"Just societies and cultures protect the most innocent and vulnerable among us. I thank and salute today's marchers for upholding this truth, and for reminding our fellow citizens and leaders of the sacredness of human life. Together we will work toward the day when our nation's laws once again protect each and every human being, born and unborn." - U.S. Rep. Thomas Massie at 2017 March for Life

Why Did They Not Vote For Me?

A rejected gift from God

Have we forgotten what abortion is?
If only they had voted for me!
